Reference Guides

Attorney
Edition

<https://ujportal.pacourts.us>

Version 23.1

Introduction

This is a collection of step-by-step documents, referred to as reference guides, which are intended to provide assistance with some of PACFile's more common processes.

Each guide is targeted to a particular task and includes both mandatory and optional steps to try and assist you with a wide range of PACFile functions. On occasion, you may need to decide what steps apply to you based on the task you are attempting to complete. Furthermore, please note that the pictures appearing in these guides are for reference purposes only and the information displayed is not likely to match what you will see or enter on your screen.

Within this document, each reference guide is grouped by topic. For example, any guides related to 'Proxying' are contained within a single section. Depending on the overall task you are attempting to accomplish, you may need to use multiple guides from one or more of these sections.

When you have completed a reference guide you will see the word 'END' in the bottom left corner of the last page.

Depending on the business practices of your county, it's possible that you may not use all the reference guides available in this book.

Notice of Court

Case Initiation – (Common Pleas cases) A courtesy copy of an eService notification related to a new case filing that has been docketed by the court on one of your cases. These are limited to specific recipient groups, which vary by docket type, that are considered interested parties but are not designated as service recipients. These notifications are not available for the Juvenile docket.

(Appellate Court Cases)
Notifications regarding any new cases that were paper-filed with the court where you are listed as a case participant and the court has made the document available electronically. This is not considered a form of eService.

Court Filing – (Common Pleas cases) A courtesy copy of an eService notification related to a document that has been filed by the court on one of your cases. The court corrected the filing name and it resulted in a lower fee amount. Payment is accepted for the lower amount and no additional action is required.

Filing Submitted – Notifications from the court confirming that a PACFiling submitted on your behalf, by you or a proxy, has been received.

Non-Party Filing – (Common Pleas cases) A courtesy copy of an eService notification related to a filing on one of your existing cases, which has been submitted by a filer that cannot be systematically determined. These notifications are very rare. These are limited to specific recipient groups, which vary by docket type, that are considered

interested parties but are not designated as service recipients.

What is the PACFile Dashboard?

This dashboard represents the starting point for submitting, managing, and viewing case-related filings electronically in the Pennsylvania Courts. From here, you have the option to file on new or existing cases, view docketed submissions on existing cases, continue any unfinished filings, and manage your PACFile account settings. PACFile also features a comprehensive notification system that keeps you informed when case-related filings are submitted by other participants and any communications or filings are issued by the court. Whenever you submit a filing through PACFile, an electronic confirmation should be forwarded to you once the court acknowledges its receipt. If you do not receive an electronic confirmation within three business days of submission, please contact the appropriate court office. To get started, perform a search for a case or click on any of the links to the right.

If you have any technical issues or questions about the PACFile website, please visit our [Help Center](#). Any non-technical questions about specific filing matters should be directed to the court.
